The Administration is responsible for the preparation of the interim financial statements according to CPC 21 (R1) - Interim Financial Statement and international standard "IAS 34 - Interim Financial Reporting", issued by the "International Accounting Standards Board (IASB)", as well as the presentation of such information consistently to the norms issued by the Securities and Exchange Commission (CVM), applicable to the elaboration of the Quarterly Statements - ITR. Our responsibility is to express a conclusion on this interim accounting information based on our review.

Range of Review

We conducted our review in accordance with the Brazilian and the International standards on interim financial information review (NBC TR 2410 - Review of Interim Financial Information performed by the auditor of the entity, and ISRE 2410 - *Review of interim financial information performed by the independent auditor of the entity*, respectively). A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards on Auditing and consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Therefore, we do not express an audit opinion.

Conclusion on the interim financial statements

Based on our review, we are not aware of any fact that leads us to believe that the aforementioned interim financial information included in the quarterly information - ITR referred to above was not prepared, in all material respects, in accordance with CPC 21 (R1) and IAS 34 applicable to the preparation of the Interim Financial Statements - ITR and presented consistently with the norms issued by the Securities and Exchange Commission (CVM).
